2004		My Life (Vol. I) President Bill Clinton a My Life is the strikingly candid portrait of a global leader who decided early in life to devote his intellectual and political gifts, and his extraordinary capacity for hard work, to serving the public. It shows us the progress of a remarkable American, who, through his own enormous energies and efforts, made the unlikely journey from Hope, Arkansas, to the White House a journey fueled by an impassioned interest in the political process which manifested itself at every stage of his life. In college, working as an intern for Senator William Fulbright; at Oxford, becoming part of the Vietnam War protest movement; at Yale Law School, campaigning on the grassroots level for Democratic candidates; back in Arkansas, running for Congress, attorney general, and governor. We see his career shaped by his resolute determination to improve the life of his fellow citizens, an unfaltering commitment to civil rights, and an exceptional understanding of the practicalities of political life. More ...	Bill Clinton William Jefferson Clinton was the 42nd president of the United States. Under his leadership, the country enjoyed the strongest economy in a generation and the longest economic expansion in United States history. President Clinton's core values of building community, creating opportunity, and demanding responsibility resulted in unprecedented progress for America, including moving the nation from record deficits to record surpluses; the creation of over 22 million jobs--more than any other administration; low levels of unemployment, poverty, and crime; and the highest home ownership and college enrollment rates in history. After leaving the White House, President Clinton established the William J. 2007		What A Party!: My Life Among Democrats, Presidents, Candidates, Donors, Activists, Alligators and Other Wild Animals No Publisher's blurb. First review: If you like politics, this is a great story (especially if you're a Democrat). McAuliffe gives an inside view of politics, going back to the Carter years, that is priceless. He talks about the politicians as real people, not just who we see on TV and read about on our phones, including funny anecdotes that humanize larger-than-life people like Bill, Hillary and others. McCauley, the master fundraiser, also gets into the mechanics and realities of raising money for a political campaign, a national convention, a presidential library... the list goes on. The book is a bit old now - a lot has happened since its conclusion in 2006 - but still a great read. Maybe Terry McAuliffe will run for president someday. 2010		Power in Numbers: UNITAID, Innovative Financing, and the Quest for Massive Good The story of UNITAID begins with two world leaders but quickly becomes a lesson in popular philanthropy, involving millions of people each making a small contribution to a program aimed at treating and ultimately eliminating the threat of HIV/AIDS, tuberculosis and malaria in the developing world. In partnership with the Clinton HIV/AIDS Initiative (CHAI), UNICEF, and other organizations, UNITAID has pioneered techniques for raising massive amounts of money from a wide pool of donors. UNITAID's newest program, collecting small contributions via a check-box on the world's biggest travel websites, launches in the United States in January 2010. It is a fascinating model for philanthropy, proving that you can scale up both the fundraising and the ambition of lifesaving treatment programs. Moreover, UNITAID has proved able to continue its work uninterrupted by the financial turmoil that has blighted other private and government aid programs. It provides a model for challenging times. Launched as a crucial component of UNITAID's "MassiveGood" substantial national publicity and promotion campaign, Power in Numbers is an inspiring case study for anyone interested in social justice, public health, philanthropy, or fundraising. 		<p>Licensed to Lie: Exposing Corruption in the Department of Justice is a book she prayed she would never have to write. It's written in the style of a legal thriller to be enjoyable and understandable to non-lawyers, but it is the true, behind-the-scenes insider perspective on major litigation during the last decade. If you think you know the truth about what happened to Arthur Andersen, Merrill Lynch, Enron, and former United States Senator Ted Stevens, think again. You won't know the truth until you read LICENSED TO LIE. It tells a very human story that every informed citizen, lawyer, and judge should know. The foreword to the book is written by Judge Alex Kozinski, one of the most brilliant legal minds in the country. He is the Chief Judge of the Ninth Circuit Court of Appeals, but he wrote the foreword in his personal capacity.</p> <p>Sources for "Licensed to Lie"</p>	<p>Sidney Powell was an Assistant United States Attorney in three judicial districts under 9 United States Attorneys from both political parties. She represented the United States in 350 criminal appeals, and represented private parties in another 150, all resulting in more than 180 published decisions. She was the youngest Assistant U.S. Attorney when she began practicing.</p> <p>She is an elected member of the American Law Institute, and the past president of the Bar Association for the Fifth Federal Circuit and the American Academy of Appellate Lawyers.</p>
2015		<p>No Such Thing as a Free Gift: The Gates Foundation and the Price of Philanthropy</p> <p>The charitable sector is one of the fastest-growing industries in the global economy. Nearly half of the more than 65,000 private foundations in the United States have come into being since the year 2000. Just under 5,000 more were established in 2011 alone. This deluge of philanthropy has helped create a world where billionaires wield more power over education policy, global agriculture, and global health than ever before.</p> <p>In No Such Thing as a Free Gift, author and academic Linsey McGoey puts this new golden age of philanthropy under the microscope—paying particular attention to the Bill and Melinda Gates Foundation. As large charitable organizations replace governments as the providers of social welfare, their largesse becomes suspect. The businesses fronting the money often create the very economic instability and inequality the foundations are purported to solve. We are entering an age when the ideals of social justice are dependent on the strained rectitude and questionable generosity of the mega-rich.</p>	<p>Linsey McGoey</p> <p>Linsey McGoey is a Senior Lecturer in Sociology at the University of Essex. 2015		<p>Clinton, Inc.: The Audacious Rebuilding of a Political Machine</p> <p>Weekly Standard editor Daniel Halper provides a meticulously researched account of the brilliant calculations, secret deals, and occasionally treacherous maneuverings that led to the Clintons' return to political prominence.</p> <p>In the twelve years since the Clintons left the White House, they have gone from being virtually penniless to multi-millionaires, and are arguably the most popular politicians in America—respected and feared by Republicans and Democrats alike. But behind that rise is a never-before-told story of strategic cleverness, reckless gambles, and an unquenchable thirst for political power.</p> <p>Investigative reporter Daniel Halper uses a wealth of research, exclusive documents, and detailed interviews with close friends, allies, and enemies of the Clintons to reveal the strategy they used and the deals they made to turn their political fortunes around. Clinton, Inc. exposes the relationship between President Obama, the Bush family, and the Clintons—and what it means for the future; how Bill and Hillary are laying the groundwork for the upcoming presidential campaign; how Vice President Biden and other Democrats are trying to maneuver around her; Chelsea's political future; the Clintons' skilful media management; the Clintons' marriage and why it has survived; and an inside look at the Clinton's financial backers and hidden corporate enterprises.</p>	<p>Daniel Halper</p> <p>No author bio.</p> <p>From Wikipedia: Daniel Halper is an American political writer. 2015		<p>Blair Inc.: The Man Behind the Mask</p> <p>Take a closer look at the world of Tony Blair, whose private financial dealings within a complex web of business relationships he tries to keep hidden from the public eye.</p> <p>Since leaving office in 2007, the secretive empire of Tony Blair has grown exponentially. As a businessman he has been unprecedentedly successful for a former public servant, with a large property portfolio and an estimated £80 million of earnings accrued in just a few short years. But how has he managed to achieve this? Being an ex-Prime Minister comes with certain advantages, and besides his excellent state pension and 24-hour security team, Blair enjoys the best contacts that money can buy—as do those willing to pay him for access to them. Consequently, Tony Blair Associates' clients can be found around the world, and include the morally distasteful presidents of Kazakhstan and Burma. There is also Blair's role as special envoy in the Middle East. While his record as a peacemaker is in doubt, the position has brought him into contact with a variety of oil-rich potentates in the region who now number among his most profitable clients. Blair, Inc.: The Man behind the Mask takes a close look at the world that Blair attempts to hide from scrutiny—his own. From the complex financial structures he uses to hide his profits—and the amount of tax he pays—to the multiple conflicts of interest produced by his increasing web of relationships, this book attempts to expose the dubious private dealings of this very public figure.</p>	<p>Francis Beckett, David Henke and Nick Kochan</p> <p>Francis Beckett is a journalist, broadcaster, playwright, and historian. 2016		<p>Partners in Crime: The Clintons' Scheme to Monetize the White House for Personal Profit</p> <p>Jerome Corsi presents the detailed research and expert testimony proving beyond a shadow of a doubt that the Clinton Foundation is "a vast, criminal conspiracy," also described in these pages as "a slush fund for grifters."</p> <p>Corsi exposes how the Clintons amassed hundreds of millions of dollars in personal net worth, while building a \$2 billion empire in the Clinton Foundation. The victims are countless thousands of honest people who contributed their hard-earned money to what they thought were philanthropic causes. The sordid tale involves suspicion of Enron-like fraudulent accounting practices by none less than PricewaterhouseCoopers, a "Big Four" firm, as well as the several "shell corporations" and "pass-through" bank accounts Bill Clinton has established in secret to hide what amount to kickbacks from Clinton Foundation donors and sponsors.</p> <p>It is not enough, Corsi concludes, to appeal to Hillary Clinton to withdraw from the 2016 presidential race in disgrace. A national campaign to "Shut Down the Clinton Foundation" must be launched. Corsi insists, to prevent Barack Obama and other heads of state worldwide from following the Clinton Family crime formula to create their own "charitable foundations" to enrich themselves upon leaving office.</p>	<p>Jerome Corsi</p> <p>Jerome R. 		<p>Updated in 2017 and hailed as, “engrossing...detailed and intimate” (Publishers Weekly), veteran political journalist Joe Conason’s Man of the World brings you along with Bill Clinton, as the forty-second president blazes new paths in his post-presidential career.</p> <p>It is unlike the second career of any other president: “Bill Clinton” is a global brand, rising from the dark days of the White House departure to become one of the most popular names in the world. In his “deeply researched” (The New York Times Book Review) Man of the World, Joe Conason describes how that happened, examining Clinton’s achievements, his failures, his motivations, and his civilian life. He explains why Clinton’s ambitions for the world continue to inspire (and infuriate).</p> <p>Conason, who has covered Clinton for twenty years, interviewed him many times for this book—as well as Hillary and Chelsea and many of his friends, aides, rivals, and supporters. He travels with Clinton to Africa, Haiti, Israel, and across America. Conason’s often absorbing chronicle captures the energy and charisma of the former president as he...finds a mission in his philanthropic work in Africa, Asia, and elsewhere” (Kirkus Reviews). Man of the World—starring the one and only Bill Clinton—tells the engrossing story of an extraordinary man who is still seeking to do good in the world.</p>	<p>Joe Conason is editor-in-chief of The National Memo and an editor at The Investigative Fund. A widely published columnist and reporter, he is the author of several books, including Big Lies, and coauthor of the New York Times bestseller The Hunting of the President: The Ten-Year Campaign to Destroy Bill and Hillary Clinton. He lives in New York City with his family</p>
2017		<p>What Happened?</p> <p>For the first time, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. Now free from the constraints of running, Hillary takes you inside the intense personal experience of becoming the first woman to stand for a major-party presidential ticket. By night, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. This is her most personal memoir yet.</p> <p>In these pages, she describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. With humor and candor, she tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. She speaks about the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics.</p> <p>She lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the future is for our country, and why Americans need to understand them to protect our values and our democracy in the future.</p> <p>The election of 2016 was unprecedented and historic. What Happened is the story of that campaign and its aftermath—both a deeply intimate account and a cautionary tale for the nation.</p>	<p>Hillary Clinton</p> <p>Hillary Rodham Clinton is the first woman in US history to become the presidential nominee of a major political party. She served as the 67th Secretary of State—from January 21, 2009, until February 1, 2013—after nearly four decades in public service advocating on behalf of children and families as an attorney, First Lady, and Senator. She is a wife, mother, and grandmother.</p>
2018		<p>Chasing Hillary: Ten Years, Two Presidential Campaigns, and One Intact Glass Ceiling</p> <p>The daily, rollicking, and deeply personal story of what really happened in the 2016 election, as seen through the eyes of the New York Times reporter who gave eight years of her life to covering the First Woman President who wasn't.</p> <p>For a decade, award-winning New York Times journalist Amy Chozick chronicled Hillary Clinton's pursuit of the presidency. Chozick's front-row seat, initially covering Clinton's imploding 2008 campaign, and then her assignment to “The Hillary Beat” ahead of the 2016 election, took her to 48 states and set off a nearly ten-years-long journey in which the formative years of her twenties and thirties became—both personally and professionally—intrinsically intertwined to Clinton's presidential ambitions.</p> <p>Chozick's candor and clear-eyed perspective—from her seat on the Hillary bus and reporting from inside the campaign's Brooklyn headquarters, to her run-ins with Donald J. Trump and her globe-trotting with Bill Clinton—provide fresh intrigue and insights into the story we thought we all knew. This is the real story of what happened, with the kind of daisy, inside details that repeatedly surprise and enlighten.</p> <p>But Chasing Hillary is also a rollicking, irreverent, refreshingly honest personal story of how the would-be first woman president looms over Chozick's life. And, as she gets married, attempts to infiltrate the upper echelons of political journalism and inquires about freezing her eggs so she can have children after the 2016 campaign, Chozick dives deeper into decisions Clinton made at similar points in her life.</p>	<p>Amy Chozick</p> <p>Amy Chozick is a writer-at-large for the New York Times. 2018		<p>The World as It Is: A Memoir of the Obama White House</p> <p>For nearly ten years, Ben Rhodes saw almost everything that happened at the center of the Obama administration—first as a speechwriter, then as deputy national security advisor, and finally as a multipurpose aide and close collaborator. He started every morning in the Oval Office with the President's Daily Briefing, traveled the world with Obama, and was at the center of some of the most consequential and controversial moments of the presidency. Now he tells the full story of his partnership—and, ultimately, friendship—with a man who also happened to be a historic president of the United States.</p> <p>In The World as It Is, Rhodes shows what it was like to be there—from the early days of the Obama campaign to the final hours of the presidency. It is a story populated by such characters as Susan Rice, Samantha Power, Hillary Clinton, Bob Gates, and—above all—Barack Obama, who comes to life on the page in moments of great urgency and disarming intimacy. This is the most vivid portrayal yet of Obama's worldview and presidency, a chronicle of a political education by a writer of enormous talent, and an essential record of the forces that shaped the last decade.</p>	<p>Ben Rhodes</p> <p>From 2009 to 2017, Ben Rhodes served as deputy national security advisor to President Barack Obama, overseeing the administration's national security communications, speechwriting, public diplomacy, and global engagement programming.</p> <p>Prior to joining the Obama administration, from 2007 to 2008 Rhodes was a senior speechwriter and foreign policy advisor to the Obama campaign. A native New Yorker, Rhodes has a BA from Rice University and an MFA from New York University.</p>

		<p>Picking up where her #1 New York Times bestseller, <i>Lies, Leakers and Liberals</i>, left off, Judge Jeanine Pirro exposes the latest chapter in the unfolding liberal attack on our most basic values.</p> <p>For two long years, Donald Trump's presidency has been under siege by the Left and their Deep State fellow travelers who concocted an outrageous case of conspiracy with Russia to keep Trump from doing what he was elected to do: secure America's borders, revive its economy, drain the Washington, D.C. Swamp and restore our constitutional republic. Now that Special Counsel Robert Mueller's investigation has vindicated the Trump campaign and administration, the Department of Justice is hot on the trail of Comey, Brennan, Clapper and the rest of the gang of conspirators who tried to overturn the 2016 election. The Left has dropped all pretense of civility, fairness or decency, revealing the real reason they were so desperate to destroy President Trump. He was the one man who stood in the way of their radical plan to remake America.</p> <p>Jeanine Pirro is a highly respected judge, former district attorney, elected politician, sought-after legal commentator, author, and champion of women's rights. Pirro is the host of Justice with Judge Jeanine and for three years hosted Judge Jeanine Pirro, for which she won an Emmy. She also appears regularly as a legal analyst and judicial commentator on Today, Good Morning America, The Early Show, 60 Minutes, CNN, and the Fox News Channel. In 1990, she became the first elected female judge to sit on the Westchester County court bench. In 1993, Judge Pirro was also elected district attorney of Westchester County, once again setting a precedent as the first female to hold that position. Judge Pirro received national recognition for founding one of the country's first domestic violence units and has worked tirelessly to change the legal landscape to reflect the needs of the silent victims of violent crime. She has two children, two dogs, and a pig, and lives in Westchester, New York.</p>
